BUNK KLEEN™

Sanitation Products of America (SP) offers a complete line of NFPA® compliant laundry products and cleaners along with dispensing system to tie in with laundry equipment. Our laundry products have been developed for varying soil conditions (light to heavy) and water types (soft to hard). The products are highly effective in removing harmful soils associated with turnout/bunker gear, FR clothing, and other PPE apparel.

Heavy-Duty Fabric Conditioner (HDC)

Bunk Kleen™ HDC - Concentrated heavy-duty liquid fabric conditioner. Helps emulsify and extract a wide spectrum of soils trapped in turnout / bunker gear, FR clothing, and other PPE apparel. Conditions the fabric for washing process and enhances the performance of laundry detergents. Highly effective in binding smoke particles, soot, hydrocarbon matter (such as grease) and debris for a superior cleaning performance. Unlike other high pH breaks, **BUNK KLEEN™ HDC** is a neutral pH* fabric conditioner which is gentle on fabric. Biodegradable. **NFPA® 1851 compliant.**
(Packing: 4/1 gallon, 5 gallon pail & 55 gallon drum).

HDC

Laundry Detergent (LD)

BUNK KLEEN™ LD - Concentrated, premium grade, neutral pH* liquid laundry detergent designed for turnout / bunker gear, FR clothing, and other PPE apparel made of Nomex® & Kevlar® materials. Synergistic blend of surfactants and dispersants to emulsify and suspend turnout / bunker gear soils. Excellent for use in commercial laundry with automatic dispensing equipment. Environmentally friendly. **NFPA® 1851 compliant.**
(Packing: 4/1 gallon, 5 gallon pail & 55 gallon drum).

BUNK KLEEN™

Laundry Spotter & Odor Remover (SOR)

BUNK KLEEN™ SOR - Ready-to-use neutral pH* cleaner. Specially designed to remove a variety of tough spots from turnout / bunker gear, FR clothing, and other PPE apparel made of Nomex® & Kevlar® materials. Highly effective in removing soot & smoke marks and hydrocarbon spots (such as grease). Neutral pH. Also removes burnt odor from the fabric. Apply directly on the fabric before washing. **NFPA® 1851 compliant.** (Packing: 12/32 oz).

SOR

Neutral Cleaner & Degreaser (NCD)

BUNK KLEEN™ NCD - Ready-to-use, all-purpose hard surface neutral pH* cleaner and degreaser for any hard surface not harmed by water. Safe to use on metal, plastic, porcelain, ceramics, tile, most painted surfaces and more. Does not contain hard chemicals such as butoxyethanol, chlorinated solvents or other toxic chemicals. Caustic-free, phosphate-free, & silicate-free. Biodegradable. **NFPA® 1851 compliant.** (Packing: 12/32 oz).
