

Organic Foam Cleaner

For Showers, Tubs, Tile, Bowls, Urinals,
Water Fountains & more!

Green Clean

Shark Attack® Organic Foam with **BlueShield™ Technology** is an organic acid-based foam cleaner that removes bowl and urinal stains, soap scum, hard water stains and cleans dirty tile & grout. It is formulated to make copious foam when sprayed with a foaming-type sprayer. It is an ideal replacement for harsh acidic cleaners such as hydrochloric acid. It is phosphate free.

Fast Clean

The foam provides extended contact time and penetrates the dirt for fast and effective cleaning. It is best for medium and large facilities where reduction in cleaning time is achieved by manual or battery-operated sprayers.

BlueShield™ Protection

BlueShield™ protection of **Shark Attack® Organic Foam** helps prevent future buildup or staining. **BlueShield™** Technology works by leaving a protective layer of cleaner on your bathroom surfaces, thereby keeping them away from soil, soap scum, hard water stains, and more.

Directions for Use

Use a foaming type sprayer to apply on the surface to be cleaned. Allow foam to sit for few minutes. Wipe with cloth, bowl swab or sponge. Rinse thoroughly with water. For metal surfaces, test first in an inconspicuous area.

This product is designed exclusively for industrial and institutional use by trained personnel. This product is sold as is and the manufacturer makes no warranty, express or implied, of merchantability, fitness for a particular purpose or otherwise. To determine if this product is safe to use on a surface, always pre-test the product in an inconspicuous area. Refer to SDS for additional safety information.

Properties

Viscosity: 10 – 25 cps
pH: <3.0
Color: Blue
Fragrance: Rain

Packaging

4/1 gal, 55 gal Drum

HMIS Rating

Flammability: 0
Health: 1
Reactivity: 0
Personal Protection: B

Ingredients (CAS#)

Water (7732-18-5), Glycolic Acid (79-14-1), Citric Acid (77-92-1), Lactic Acid (79-33-4), C9-C11 Alcohol Ethoxylate (68439-46-3), Surface Protectant (Proprietary)
